About Ace Carpentry, Inc:

Originally founded in 1983 by Virginia natives, Kenneth Shifflett and long time friend, Anthony Clatterbuck. Ace Carpentry, now owned and operated by Kenneth Shifflett, has become one of the premiere framing companies in the Mid-Atlantic region. At Ace Carpentry we pride ourselves on the dedication and our ability to deliver quality product and service. Although originally founded as a local framing provider, Ace Carpentry, Inc., has developed into a diversified business offering framing as well as complete turnkey packages in several states across the country.

Ace Carpentry is now one of the largest framing companies in the area - framing between 2,500 and 3,000 units per year for a large client base, most of which are nationally known builders and general contractors. Ace Carpentry has 3 different business models, residential framing, apartment framing, and military housing.
