About Colt Builders:

Colt Builders is a turnkey, multi-family commercial wood-framing partner with national reach. They have crews throughout the country working on projects such as assisted living buildings, townhomes, multi-family homes, hotels, student housing and senior housing. With a local management approach, Colt Builders provides a high level of quality in every detail. They provide the full spectrum of framing, including: estimating, pre-construction, construction as well as the design & construction of wall panels.
